ABOUT

DBMS

Dayna Brons was a 24-year old young woman serving as the athletic therapist for the Humboldt Broncos ice hockey team, a member of the SJHL, on the tragic day that their bus was hit by an oncoming truck. Dayna is remembered as a hard-working, dedicated young woman with a passion for life, for hockey, and for this profession.

In her memory, we are honored to present the Dayna Brons Memorial Scholarship each spring to a Pittsburgh-area athletic training student who exemplifies her dedication and commitment to the profession as well as her zest for life.
